DUAL SIM CARD

A DUAL SIM phone gives you several advantages that you can not let pass by.

By having two SIM slots in your mobile device, you do not have to worry about:

- Exchange SIM cards from one phone to another
- Carry two phones in your pocket
- Remember to charge two devices

Also, you could take advantage of different voice/data plans for better rates, better coverage, and separate bills. You can separate personal from business calls and the international traveler, could evade roaming charges by having one domestic carrier SIM and one international carrier SIM.
